Advanced Driving Courses

Start to learn advanced and performance driving techniques that will give you a smoother, faster and more enjoyable drive. The instructor will tailor the course to suit your individual needs and will cover all aspects of car control to improve your drive. Compulsory to drive CLUBGT cars.

Book a one-to-one track driving session to really explore the limits of a car on some of the best UK and European circuits. Learning to feel the balance of the car at speed while incorporating the best use of throttle, brakes and steering inputs to find the fastest way round a circuit. Exclusive test days can also be arranged at the Bruntingthorpe test facility including dynamic cornering skills, skid pan and high speed runs.

CLUBGT Points Packages

CLUBGT membership also allows you to drive our collection of cars by buying points packages. The cars are split into five groups ranging from the Ferrari F430 to the lightweight Renaultsport Clio Cup. The number of points required for a trip depends on the car, the time of year and the distance covered; there are no minimum or maximum mileage allowances to provide maximum flexibility. For example two weekdays in a Ferrari F355, perhaps for Valentine's day with 200 miles would be $(2 \times 90) + (200 \times 1) = 380$ points.

The club doesn't just buy the latest cars; we select the most outstanding ones, giving you the best value performance and supercar access anywhere. We find the finest examples and keep them expertly maintained to ensure that you get to drive the cars as the manufacturers intended. With CLUBGT membership you get to experience the most exciting events whilst driving some of the greatest cars along the most famous routes and circuits in Europe.

Cars can be reserved online or over the phone up to one month in advance or up to one year in advance for special occasions using allocated wildcards. All cars are carefully maintained to ensure maximum safety, reliability and enjoyment, and are covered with full comprehensive insurance and breakdown cover for the UK and Europe for both the member and life partner.

CLUBGT's prime location in Central London provides members with a convenient collection point as well as easy access out of London. The cars can also be delivered directly to your door, or destination of your choice with free delivery provided in Central London. Members can also be met at all major London airports and rail stations. On return the cars can be simply dropped off at the headquarters in Marylebone, or collected by the club.
