

CLUBGT

Something for the weekend Sir? Club GT: new London based performance car club offers all-time best drivers cars for members.

A NEW performance car club has launched that allows members to enjoy some of the best drivers cars available. The club is based in Marylebone central London, with easy access out of the capital. The club takes care of all the usual headaches of performance car ownership such as insurance, maintenance, tax and depreciation. The cost of membership is significantly less than the cost of keeping these types of cars on the road so will allow more people than ever to get behind the wheel of some serious performance cars. The equivalent cars rented would be more than twice as much and would also require hefty deposits as well as tiresome paperwork each time.

This is the first time such performance classics as the Porsche GT3, Honda NSX and Lancia Delta integrale have been offered at a car club. The club's cars are selected for their performance and driver enjoyment rather than because they are the newest or classic cars. For this reason they appeal to enthusiasts as well as a wider market. The club can arrange pick-up and drop-off at various locations around the capital to suit the needs of its members including weekends, delivery can also be arranged. Yearly membership is £3750, with a joining fee of £250, which provides a points allocation for taking out different cars. ClubGT cars are provided with full breakdown and recovery, fully valeted and brimming with V-Power. As you'd expect the more

exotic cars require more points, as do summer weekends. To keep things simple a point equals £1. Cars can be booked up to 1 month in advance to avoid monopolising of particular cars, or up to 1 year in advance for special occasions. Members must be aged between 25 and 70 and have no more than 6 points on their licence. Delivery is free of charge within zones 1 and for 2. Once finished the cars can be simply dropped off in Marylebone at the headquarters, or collected by the club.

ClubGT's Chris Burbidge says: "The cars have been chosen for their outstanding performance, iconic status and driver focused nature, they also happen to be quite rare and difficult to find. The majority are not available from other clubs or hire companies."

CLUBGT are offering **Player** readers and Club members an **exclusive offer** of a free weekend and 200 inclusive miles in any of the club's cars. To qualify for this offer, readers should register their interest at www.clubgt.co.uk/playeroffer.php and return a completed application form with joining fee to CLUBGT.
